

MeetingEye 400

Remarkable Intelligence for Immersive Meeting in Small Rooms

Yealink Third Generation Video Conferencing Endpoint

MeetingEye 400 is an all-in-one intelligent video conference bar designed for small-size meeting rooms. The camera with 20M pixel and 133° FOV supports dual 4K UHD video call and content sharing, and provides quality meeting experience. The adapted AI technology (face detection, sound source locating, voice tracking etc.) and automatic lens cap help elevate the working efficiency with smarter and safer conferencing.

With all-in-one design and easy deployment, the brand new MeetingEye 400 renders every conference efficient and enjoyable.

Upgraded Camera, Quality Pictures

Characterized by maximum 133° FOV and Sony 1-inch oversized senor, the 20M pixel UHD camera provides vivid meeting images and fluent content sharing without any distortion. With no need of camera adjustment, everyone and everything will be perfectly captured and presented.

Al Intelligent Framing, Efficient Conference

Empowered with advanced AI technologies including face detection, sound source locating, voice tracking etc., the camera automatically adjusts to the best framing solutions according to the participants' quantity and location. Moreover, real-time close-up to the presenter and hands-free operations allow all attendees well focus on the meeting.

Automatically adjust & frame all participants when new participants join in.

Change to close-up while speaking.

All-In-One Design, Easy Deployment

Built-in camera, microphones, speakers, video codec, Wi-Fi and Bluetooth, MeetingEye 400 highly integrates all the functions conference need and makes it simple to setup with minimum 3 cables. MeetingEye 400 supports wireless content sharing via WPP20/Airplay/Miracast, realizing the aspiration of a truly all-in-one VC endpoint.

Automatic Lens Cap, Reliable Privacy Protection

Being automatically on during video conferencing and off when not, the privacy-protecting lens cap with visible state definitely erases "camera anxiety" in daily.
