

Spectralink 75-Series

Stylish and Feature-rich Handsets
for Administrative Personnel

The Spectralink 75-Series is elegant yet robust with a long list of features specially designed to increase mobility and productivity for mobile workers in administrative environments. The large color display and the intuitive menu structure make the Spectralink 75-Series a valuable and preferred choice for mobile workers in administrative environments across the range of vertical markets.

Business Benefits

Ease of use is key for any handset. Without it the handset fails to be a valuable tool for the employee on the move. The Spectralink 75-Series leverages an intuitive design making it easy to use for any user.

With the Spectralink 75-Series, employees benefit from increased productivity and optimized daily workflow with easier and faster access to the information they need to perform their tasks.

Moreover, the Spectralink 75-Series is supported by Microsoft® Lync™ Server.
